

UNIVERSITÉ DE GENÈVE
Crowd-sourcing 2023

where2Go. **CH**

Project done by:

**Mohsen HASSAN NAEINI,
Patrick ARLT,
Jose Daniel AGUILERA**

Pipeline

01 Introduction/motivation of project

02 Our data

03 Data Validation

04 AI-crowd

•

What is our project?

*And what is the motivation behind
doing this project?*

•

Our Data

- What are we using as data?
- Where are we gathering these images from?
- How did we collect these images?

Where does the crowd come in?

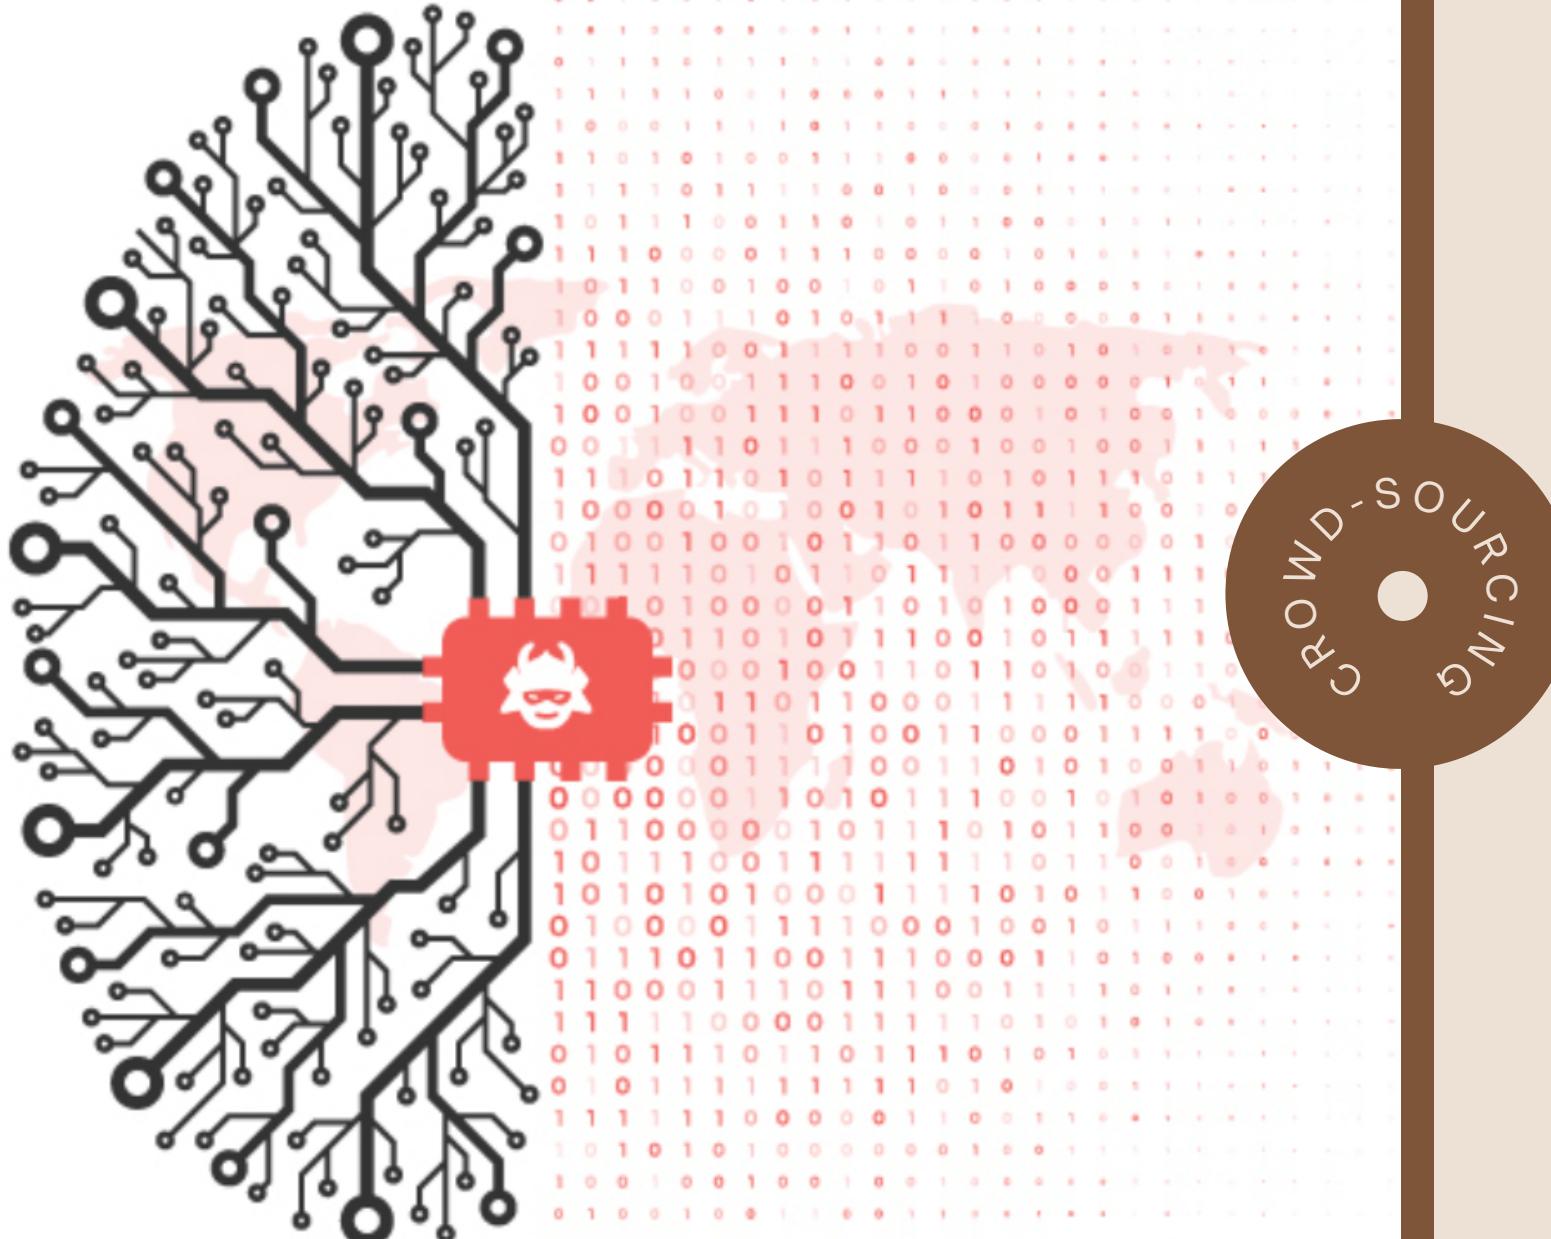

1. Data Validation
2. AI-Crowd

CS-Builder:

<https://lab.citizenscience.ch/project/where2goch/test/confirm?share=fe6f9fac-f5a1-11ed-bdaa-0242ac110008>

AI-Crowd:

- Who will participate?
 - Travel Enthusiasts
 - Social Media Users
 - AI and Machine Learning Experts
 - Travel and Tourism Industry Professionals
- Input.
- Output.
- AI Challenges:
 - Dataset size
 - Problematic data

THE END

Thank You For Your Attention
